

GOVERNMENT OF KARNATAKA
OFFICE OF THE EXECUTIVE ENGINEER
PUBLIC WORKS DEPARTMENT, SUB-DIVISION,
SANTHPUR. Tq. AURAD Dist. BIDAR 585421

No: AEE/PWD/DB/BDR/2025-26/365

Date: 18-02-2026

To:

The President,
Hiremath Sansthan Vidyapeeth Trust (Regd.)
Bhalki, Dist: Bidar

Subject: Regarding the issuance of a Building Safety Certificate for Anubhava Mantapa Gurukula Public School, Santhpur, Tq: Aurad (B), Dist: Bidar.

References: 1. Your Application No: 2025-26, Dated: 18-02-2026.
2. Letter No. 365, Dated: 18-02-2026, from the Assistant Executive Engineer, Public Works Department, Sub-Division, Santhpur.

With reference to the subject mentioned above, you requested via reference (1) to be issued a building safety certificate for the Anubhava Mantapa Gurukula Public School, Santhpur, Tq: Aurad (B), Dist: Bidar. On **18-02-2026**, a building inspection was conducted for the Anubhava Mantapa Gurukula Public School, Santhpur, Tq: Aurad (B), Dist: Bidar, in the presence of the Assistant Executive Engineer of the Public Works Department Sub-Division, Santhpur, and the registered engineer of the school.

During the inspection, the following observations were recorded. Furthermore, the Assistant Executive Engineer of the PWD Sub-Division, Santhpur, has submitted a report to this office stating that the building has been constructed in accordance with NBC (National Building Code) standards:

1. The building construction was completed in the year **2025** and consists of a Ground Floor, First Floor, and Second Floor (G+2). The Ground Floor contains **17 rooms**, the First Floor contains **17 rooms**, and the Second Floor contains **17 rooms**.
2. Separate toilet facilities are provided on each floor for male and female students.
3. Necessary windows and ventilators have been installed in every room according to standard requirements, ensuring that adequate natural light and air ventilation pass through easily.
4. The structure spanning the ground, first, and second floors is built with highly durable concrete pillars (columns), beams, and slab designs.
5. The playground and overall campus of the institution are secured with a safe compound wall.

As reported by the Assistant Executive Engineer of the Sub-Division, Santhpur, the building has been constructed following NBC (National Building Code) regulations and is safe. This Building Safety Certificate is hereby issued and submitted.

The Building Safety certificate valid till Date: 17-02-2029 and it is Renewable.

ASSISTANT EXECUTIVE ENGINEER
Public Works Department Sub-Division, Santhpur
